Le Café

Preserved from the bustling Downtown, Fouquer's Café offers a gourmet break, out-of-time, and plays with Parisian codes to delight the nostalgics. The red parasols shaded terrace, traditional tables of French cafés, and bistro chairs in woven rattan will transport you, at any time of the day, to the legendary Avenue des Champs Elysées.

Either to start a beautiful day with a signature red croissant, to enhance a lunch with a croque-madame or to end a dinner on a delicious Saint-Honoré... Hidden gem just off the main boulevard, step inside a confidential boutique, where the pleasant smell of pastries floats in the air and all the great classics of French pastry are to be tasted. Here or elsewhere in the famous Fouquer's red boxes, for sweet moments to share...or not.
